# About Atlas & Indus

Atlas & Indus Linen Co. is a world-class manufacturer of premium hospitality textiles, serving the finest hotels, resorts, and riads across six continents. Founded on a legacy of textile excellence, we combine centuries of artisanal craftsmanship with modern manufacturing precision to deliver linens that define luxury at every touchpoint.

From the cotton fields of Egypt and India to the suites of the world's most celebrated properties, every thread we produce carries an unwavering commitment to quality. Our vertically integrated supply chain ensures complete traceability, consistent performance, and the ability to meet the most demanding institutional standards — night after night, wash after wash.

# Why Choose Atlas & Indus

Every decision we make is guided by a single principle: the guest experience. Our linens are engineered to perform under the most rigorous commercial conditions while delivering the softness, elegance, and refinement that discerning travelers expect. Here is what sets us apart in the global hospitality textile market.

## Premium Long-Staple Cotton

Hand-selected Egyptian and Supima cotton fibers for exceptional softness, breathability, and long-term durability that improves with every wash.

## International Export Expertise

Seamless logistics, customs documentation, and freight management to deliver on time – whether you're ordering 50 or 50,000 units.

## Bespoke Manufacturing

From custom embroidery to private-label packaging, we offer end-to-end customization to reflect your property's unique brand identity.

## Commercial Laundering Performance

Tested and certified for compatibility with industrial wash systems, high-temperature sanitization, and commercial drying protocols worldwide.

## Hospitality Grade Durability

Reinforced construction and premium yarns engineered to withstand hundreds of commercial laundering cycles without compromising hand-feel or appearance.

## Global Supply Chain Reliability

Redundant manufacturing capacity, strategic inventory reserves, and dedicated account management ensure your linen supply is never interrupted.

# The Riad Collection

Inspired by the timeless elegance of Moroccan riads, The Riad Collection brings an atmosphere of refined tranquility to boutique properties and luxury retreats. Each piece is woven from premium long-staple cotton and finished with meticulous attention to detail – creating bedding that feels as extraordinary as it looks. Available in both crisp percale and luminous sateen weaves, the collection offers versatility without compromise.

## Percalé Weave

Crisp, cool, and breathable – ideal for warm-climate properties and guests who prefer a matte, hotel-fresh feel. 300 TC and 400 TC options available.

- 300 Thread Count
- 400 Thread Count
- One-over-one weave structure
- Exceptional breathability

## Sateen Weave

Lustrous, silky, and indulgent – a three-over-one weave that produces a subtle sheen and buttery hand-feel. Available in 400 TC and 600 TC (Luxury / Heritage Tier) for ultimate luxury.

- 400 Thread Count
- 600 Thread Count
- Three-over-one weave structure
- Luxurious drape and sheen

# The Heritage Institutional Collection

Engineered for the demands of high-occupancy luxury properties, The Heritage Institutional Collection represents the pinnacle of commercial-grade hospitality linen. Every piece is constructed with double-stitched hems, reinforced seams, and premium yarns designed to maintain their integrity through hundreds of industrial laundering cycles. This is the collection trusted by five-star hotels, international resort chains, and prestigious hospitality groups worldwide.

## Heritage Performance Standards

- Double-stitched hems on all sheets
- Reinforced corner elastic on fitted sheets
- Color-fast dyes certified for commercial washing
- Shrinkage controlled to under 3%
- Compatible with all industrial laundry systems
- Minimum 300-wash service life guarantee

# Bath & Spa Collection

Transform your guest bathroom into a sanctuary of comfort and indulgence. Our Bath & Spa Collection features premium cotton towels, bath mats, and bathrobes engineered for exceptional absorbency, rapid drying, and long-lasting softness. Each piece meets the rigorous demands of commercial laundering while delivering the plush, spa-like experience that luxury travelers expect.

## Bath Towels

700 GSM premium cotton. Generous 30" × 56" size. Double-stitched edges. Available in white and custom colors.

## Hand Towels

600 GSM. 16" × 30". Perfectly proportioned for vanity and guest bathroom use. Quick-dry construction.

## Face Towels

550 GSM. 13" × 13". Ultra-soft for delicate skin. Ideal for spa, wellness, and premium guest amenities.

## Bath Mats

Non-slip backing. 800 GSM cotton pile. Machine washable. Available in premium rectangular hotel style

## Bathrobes

Waffle or terry weave. 450 GSM. Shawl collar, belt closure, two pockets. Monogramming available.

## Spa Accessories

Headbands, slippers, laundry bags, and amenity pouches. Complete your property's branded spa experience.

# Custom Manufacturing & Private Label

Your property's identity deserves to be woven into every detail. Atlas & Indus offers comprehensive bespoke manufacturing services — from custom embroidery and woven labels to branded packaging and exclusive size specifications. Our design team works directly with your brand to create linen collections that are uniquely yours, maintaining the highest standards of quality and consistency across every production run.

## Bespoke Services Available

### Custom Embroidery

Hotel logo, property name, or custom motif embroidered on sheets, towels, and bathrobes. Multiple thread colors and stitch styles available.

### Private Label Production

Exclusive collections manufactured under your brand name. Full IP protection and confidentiality agreements standard.

### Custom Sizes & Specifications

Non-standard dimensions, unique GSM weights, special weave patterns, and custom color matching to your property's palette.

### Woven Labels & Branded Packaging

Custom woven care labels, hang tags, and luxury presentation packaging for retail-ready or in-room amenity presentation.

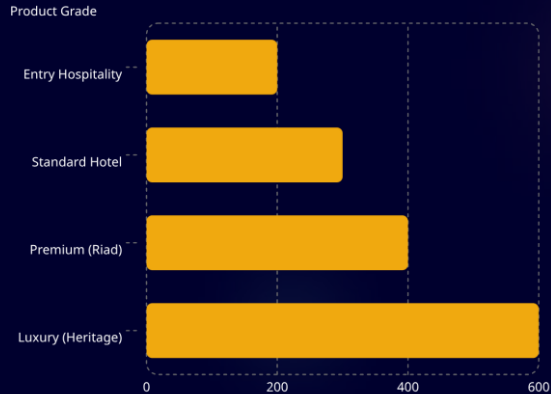

# Technical Specifications & Global Distribution

Atlas & Indus operates a fully integrated global supply chain — from raw cotton sourcing to final delivery at your property. Our manufacturing facilities are ISO 9001 certified, and every production batch undergoes rigorous quality control testing for thread count accuracy, GSM compliance, colorfastness, and shrinkage. We export to over 60 countries with dedicated logistics partnerships ensuring on-time, on-spec delivery.

## Thread Count & GSM Comparison

600 TC belongs to the Luxury / Heritage Collection tier

## Global Export Network

Our distribution network spans six continents with regional warehouses in the UAE, Netherlands, Singapore, and the United States. We handle all export documentation, customs clearance, and freight coordination — offering FOB, CIF, and DDP incoterms to suit your procurement requirements.

### Lead Times

Stock items: 7–14 days. Custom orders: 30–60 days depending on complexity.

### Minimum Orders

Flexible MOQs from 50 units per SKU. Volume discounts available for bulk procurement.

### Quality Certifications

OEKO-TEX Standard 100, ISO 9001, ISO 14001, and GOTS certified production available.
